Lane Transit District

Beat COVID: Get Vaccinated at Eugene Station

Eugene, Ore.--- (June 15, 2021) --- Do you know someone who still needs the COVID-19 vaccine? Area residents can get the COVID-19 vaccination from Lane County Public Health professionals at Lane Transit District's (LTD) Eugene Station from 1:30 p.m. to 4 p.m., on June 16, 17 and 18. The vaccinations are free.

Last week, Lane County Public Health held a three-day free vaccination clinic at LTD's Springfield Station. The partnership between LTD and Lane County is part of a shared commitment with 20 other private and nonprofit organizations participating in the Don't Invite COVID: Follow the Four public awareness campaign.

All it takes to get vaccinated and participate in this health-first initiative is riding the bus, biking, walking or driving to the Eugene Station. Getting vaccinated protects people from the virus and helps Oregon reach the 70% vaccination goal set by Oregon Governor Kate Brown. Reaching this goal allows the state to return to pre-pandemic conditions for work and activities with family, friends, and community.

###

About Lane Transit District (LTD)

LTD provides more than 10 million boardings every year on its buses and EmX Bus Rapid Transit line in Lane County, Oregon. Encompassing the Eugene-Springfield area, LTD is a special district of the State of Oregon and led by a seven-member board of directors appointed by Oregon's Governor. LTD also operates RideSource, a paratransit service for people with disabilities, and numerous transportation options programs to promote sustainable travel county wide.

(Note:If you are expecting to meet Vaxana and Vaximillion, who attended the Springfield Station vaccination clinic last week, they are not in Eugene this week. The duo is on special assignment vaccinating for COVID in other parts of the county.)
