

FOR IMMEDIATE RELEASE

**Omaze and Tru Form Tiny Giveaway Raised More Than \$100,000 in grants
to Benefit The National Park Foundation**

EUGENE (Dec. 6, 2022) - Fundraising platform Omaze and custom tiny home builder Tru Form Tiny joined forces to host an official tiny home giveaway, which raised more than \$100,000 in grants to National Park Foundation (NPF).

The three-month-long giveaway concluded on Nov. 30th, 2022 and funds raised will support NPF and its mission to protect wildlife and park lands, preserve history and culture, educate, and engage youth and connect people everywhere to the wonder of national parks.

Additionally, one lucky winner was selected to receive a custom dream tiny home with Tru Form worth up to \$130,000 in value, or opt for a cash alternative. The winner, Brian H. from Glide, OR, won the experience and selected the cash option.

"I recently became disabled and it would be really, really helpful. I'm a single parent and things are getting really tight with the economy," Brian said. "I [plan] to repair my car, buy some new cat toys and [buy] my son a new video game."

Omaze gives everyone a chance to dream big and win once-in-a-lifetime prizes while helping to make the world a better place, and has raised over \$160 million to support over 400 charities around the world.

"Working with Omaze to host a tiny home giveaway has been incredible, and we're honored to see so many people come together and donate to support NPF and their mission," said Tru Form Tiny Owner and Creative Director, Malia Schultheis. "Like Omaze, we love making people's dreams come true, whatever those dreams may be."

Tru Form Tiny is a family-owned custom tiny home builder headquartered in Eugene, OR and operates five days per week, Monday through Friday 9 am to 5 pm. Learn more about Tru Form Tiny at truformtiny.com.

About Tru Form Tiny

With more than 50 years of combined experience in residential and commercial construction, Tru Form Tiny designs and builds innovative and unique tiny homes to help people live inspired lives within small spaces. Through intentional design, building science and a passion for sustainability, Tru Form Tiny combines painstaking attention to detail with superior safety standards to build breathtaking tiny home solutions. As members of the RV Industry Association (RVIA) and National Automobile Dealers Association (NADA), Tru Form Tiny has built more than 300 tiny homes utilizing high end materials in a wide range of diverse design styles and finishes. Awarded by the American Institute of Architecture Students for "Methods and Materials" by the University of Oregon's School of Architecture Design, co-owner Jen Carroll brings environmental science expertise to every build. Additionally, in 2007, Jen earned gold-level certification for Leadership in Energy and Environmental Design (LEED) by the US Green Building Council. Paired with co-owner Malia Schultheis' affinity for design and interior decor, and her background and education in accounting and fine art, Malia and Jen strive to work hand-in-hand with clients with the utmost care from beginning to delivery, and treat every tiny home buyer as extended family throughout their journey. With flexible financing options and a wide range of products

and customization available, including interior design services, Tru Form Tiny truly delivers the comfort and luxuries of home within the small, simple and sustainable footprint tiny living affords. A family-owned company founded in the Pacific Northwest, Tru Form Tiny operates five days per week, Monday through Friday 9 am to 5 pm. About Omaze

Omaze is a social impact fundraising platform that offers participants the chance to win once-in-a-lifetime experiences and prizes to support nonprofits around the world. Launched in 2012, the Omaze community has raised over \$160M to support over 400 charities. Beyond creating tangible impact through its fundraising, Omaze also drives a substantial increase in consumers' awareness for the supported charities and their work. Omaze was named to Fast Company's 2020 Most Innovative Companies and ranked as the #1 company changing the landscape of social good. This Omaze experience raised funds for Charities Aid Foundation America, a US-registered, 501(c)(3) public charity, which then granted the donations, minus experience fees and costs, to National Park Foundation.
