An award-winning wedding venue, Abbey Road Farm has held over 200 weddings since 2018, with accolades including “Best Winery Venue in Oregon” from Oregon Bride in 2022; “Couples’ Choice Award” from Wedding Wire in 2021; a “20 Best Rustic Yet Refined Wedding Venue” from Brides Magazine in 2022; and more.

Abbey Road Farm can accommodate up to 200 people for celebrations and events, with multiple locations across the property that all offer amazing views. The property’s new tasting room, which opened in early 2023, is open daily, offering indoor and outdoor seating with an indoor/outdoor fireplace in addition to covered outdoor pergolas and picnic tables on the lawn. With 45 acres of vines planted with 15 different varieties, the farm encourages visitors to explore the property while wine tasting, meeting our farm animals, or sharing a picnic with friends.

#### **About Abbey Road Farm:**

Abbey Road Farm is a unique destination with a luxurious converted silo bed & breakfast inn, and beautifully crafted winery, tasting room, and events venue located on an 82-acre working farm and vineyard in Oregon’s Willamette Valley. Its mission is to celebrate the bounty of Yamhill County, be stewards of the land and bring Abbey Road Farm to its fullest potential by using organic practices in all farmable acreage (vineyard & produce), maximizing sustainable energy, and inspiring our guests to appreciate the process of where their food comes from to create an association between celebration, hospitality and a connection to the land. The farm features one of the West Coast’s most captivating accommodations: three functional grain silos were combined and converted to create the luxurious Silo Suites B&B.

The Abbey Road Farm Event Center is a beautifully crafted converted riding arena, capable of hosting extraordinary events large and small, set against manicured gardens and panoramic views of the valley. The Abbey Road Farm Winery and Tasting Room features flights and pours made on location under the Abbey Road Farm and Wilken’s labels.
