About Abbey Road Farm:

Abbey Road Farm is a unique destination with a luxurious converted silo bed & breakfast inn, and beautifully crafted winery, tasting room, and events venue located on an 82-acre working farm and vineyard in Oregon's Willamette Valley. Its mission is to celebrate the bounty of Yamhill County, be stewards of the land and bring Abbey Road Farm to its fullest potential by using organic practices in all farmable acreage (vineyard & produce), maximizing sustainable energy, and inspiring their guests to appreciate the process of where their food comes from to create an association between celebration, hospitality and a connection to the land. The farm features one of the West Coast's most captivating accommodations: three functional grain silos were combined and converted to create the luxurious Silo Suites B&B. The Event Center is a beautifully crafted converted riding arena, capable of hosting extraordinary events large and small, set against manicured gardens and panoramic views of the valley.

The Abbey Road Farm Winery and Tasting Room features flights and pours made on location under the Abbey Road Farm and Wilken's labels by winemaker Blair Trathen. Their Estate Vineyard highlights 15 organically-farmed varietals grown on 42 gently sloping acres, including unique ones like Trousseau, Grüner Veltliner, Mondeuse, Mencia and Godello.
