**Hunter Communications Introduces the Family Safety Bundle this Holiday Season**

*Get the gift of safe online experiences.*

**MEDFORD, ORE., December 11, 2023** – Hunter Communications, a local fiber-optic internet service provider, unveils the Hunter Family Safety Bundle. This suite of services is designed to prioritize online safety for every user in the household.

Even during the holidays, concerns about safeguarding children online are top of mind. The Family Safety Bundle not only ensures swift and reliable internet access but also a protective shield for the ones you love.

"At this time of year, we understand the importance of online safety for families," said Anne Tetamore, VP of Marketing at Hunter Communications. "Many children may be unwrapping their first smartphone or tablet, and we want to help families keep those devices protected."

The Hunter Family Safety Bundle brings:

- Symmetrical Fiber-Optic Internet Service: Rapid connectivity for uninterrupted online joy.
- Hunter IQ App: Take the reins of your home Wi-Fi with an intuitive smartphone app.
- Hunter Protect: Strengthen your network with top-tier security and virus protection.
- Hunter Control: Prioritize traffic, block apps & sites, set tailored device time limits, and more.
- Bark Parental Control App: The trusty guardian that watches over digital content, putting an end to cyberbullying, and other online dangers.

Tetamore, a mother of two with smart devices of their own, has first-hand knowledge of the online dangers facing families and children. "It's difficult to constantly police everything our kids are doing online. At Hunter, we are on a mission to empower families to explore the digital world with confidence, knowing they are protected." she added.

Get the Hunter Communications Family Safety Bundle today and safeguard your loved ones as they navigate the online realm this holiday season.
